2024 Township/City/Village Tire Recycling Event

Friday, June 14
7 a.m. – 9 a.m.

[Registration is required.](#)

Sandusky County Commissioners Lot
1799 E. State Street, Fremont
South side of State St. across from Rural King

The Ottawa Sandusky Seneca Solid Waste District will again provide a free tire recycling drop-off for townships, cities, villages, and county highway garages within the District. **The collection is only for tires found along roadsides or generated by the service of public fleet vehicles. This event is not to be made public and is not to be used for tires from residents or employees.** Tires of any type (car, truck, trailer, implement) on and off the rim are acceptable. To minimize rising costs, we have combined this service with our annual Farm Tire Recycling event.

Requirements for Using Service:

1. **Register** May 20 thru June 12 by calling 419-334-7222 x2 or by emailing jdarr@recycleoss.org
2. Provide your contact name and phone number, the name of the entity you represent, and an accurate and final tire count broken down into the following three size categories:
 - Car and pickup truck tires and any tire under 30 inches tall.
 - Semi and small tractor tires between 30-50 inches tall.
 - Large tractor tires greater than 50 inches tall.
3. Wait for the District to contact you with a confirmation including the scheduled time for delivery. Available openings for the Friday, June 14 event will be offered in quarter hour increments from 7-9 a.m. Offloading of the tires (removal from your truck or trailer) will be done by our contractor.
